

Allweather Wood Celebrates 10 Years of No Lost-Time Injuries

Loveland facility performance proof of local commitment to a safe work environment

LOVELAND, CO (November 7, 2017) – The Mendocino Family of Companies (Mendocino Forest Products Company, Mendocino Redwood Company, Humboldt Redwood Company, and Allweather Wood) today recognized a significant milestone at the Loveland, CO location of Allweather Wood, LLC. The facility recently celebrated ten years with no lost time injuries.

“This is a notable achievement for Allweather Wood, considering the company has grown significantly in recent years,” said Bob Mertz, CEO. “While a crew working together for years could be expected to achieve such a milestone, more than 20% of this crew has less than two years’ experience. Credit is due to the local leadership’s commitment to fostering a safe work environment.”

Allweather Wood produces sustainable forest products, including Redwood, Douglas-fir, and pressure preserved lumber, for building projects across the Western United States. Mendocino Companies celebrated this achievement with a lunch featuring Mertz and Executive Vice President, Blair Buchanan. Both thanked the crew personally for their safety leadership.

“The entire crew under the leadership of Dana Shellberg and Phil Herman, managers at the Loveland Allweather Wood location, are to be commended for their dedication to a safe workplace,” Mertz said. “Safety is not only important to the company, but to employees, their friends, and families. We congratulate everyone at Allweather Wood Loveland on to this important achievement. “

About The Mendocino Family of Companies
